Tapes & Labels
Brochure 2018

The Le Mark Group Ltd. has been involved in innovative development, specialist manufacturing and converting of self-adhesive products since the company was formed in 1982.

The company has developed a range of world renowned brands including MagTape®, BlackTak®, SlipWay™, StudioTak™ and PAL™ Labels to name just 5 of their premier products.

Le Mark, as a multi award winning company, has always sought to evolve and meet the constantly changing demands of its customers.

More than just 'your supplier', Le Mark's aim is to create a true working partnership with all of its customers. Our expertise and technical support is there for you to use as standard. Combine this with an experienced sales and customer service team that understands and practices the philosophy of 'Customer Care' during every stage of the procedure.

VALUES: TO OUR CUSTOMERS

- To be a team of easy to contact, real people.
- To be fully knowledgeable of our products and work to understand how you use them.
- For us, honesty truly is the best policy – if we've gone wrong, we'll put our hands up and try to fix it.
- To always be approachable and willing to help a customer.
- To provide a range that supports the individual needs of all our customers.
- To offer genuinely good products at genuinely good prices.
- Above and beyond in our service. Always.
- To transport goods to you quickly, accurately and efficiently.
- To earn your trust in our reliability, professionalism and market reputation.

PAL™ ROAD CASE LABELS

THE WORLD'S NO.1... FOR 30 YEARS!

PAL™ ROAD & FLIGHT CASE LABELS - Being trusted to supply a tour of any size is big news for business. A Le Mark case label can not only aid logistics and equipment management but can also help the world to see that it's your business and your equipment they've trusted.

- **ULTRA-TOUGH ADHESIVE**
With an outstanding hold onto almost any surface, our ultra-high-tak foam adhesive is one of the strongest in the world. You can also choose our slim line adhesive for a low profile finish, ideal for use on smooth surfaces and road case dishes.
- **PROTECTED FROM WITHIN**
Shielded beneath a 440 micron heavy duty PVC layer, our under-surface printing technology helps to keep your label's print design protected.

STANDARD STOCK LABELS...

On-site filtering of equipment cases, straight off the truck. The ultra heavy duty case labels are designed for life on the road. With these reusable labels, you can mark up your cases time and time again with Le Mark PAL™ pens and PAL™ Cleaner. Available in 4 high visibility colours.

Case labels offer a cost-effective way of professionally labelling your equipment cases. Built for life on the road, the foam-backed, self-adhesive label adheres to almost any clean, dry surface. Once it's on, it doesn't come off without a fight.

DON'T JUST HEAR IT FROM US...

"We have been buying these labels for several years. Very pleased with them."

Vladimir Botyan
PSAV

"I have been very impressed and they look great on our cases!"

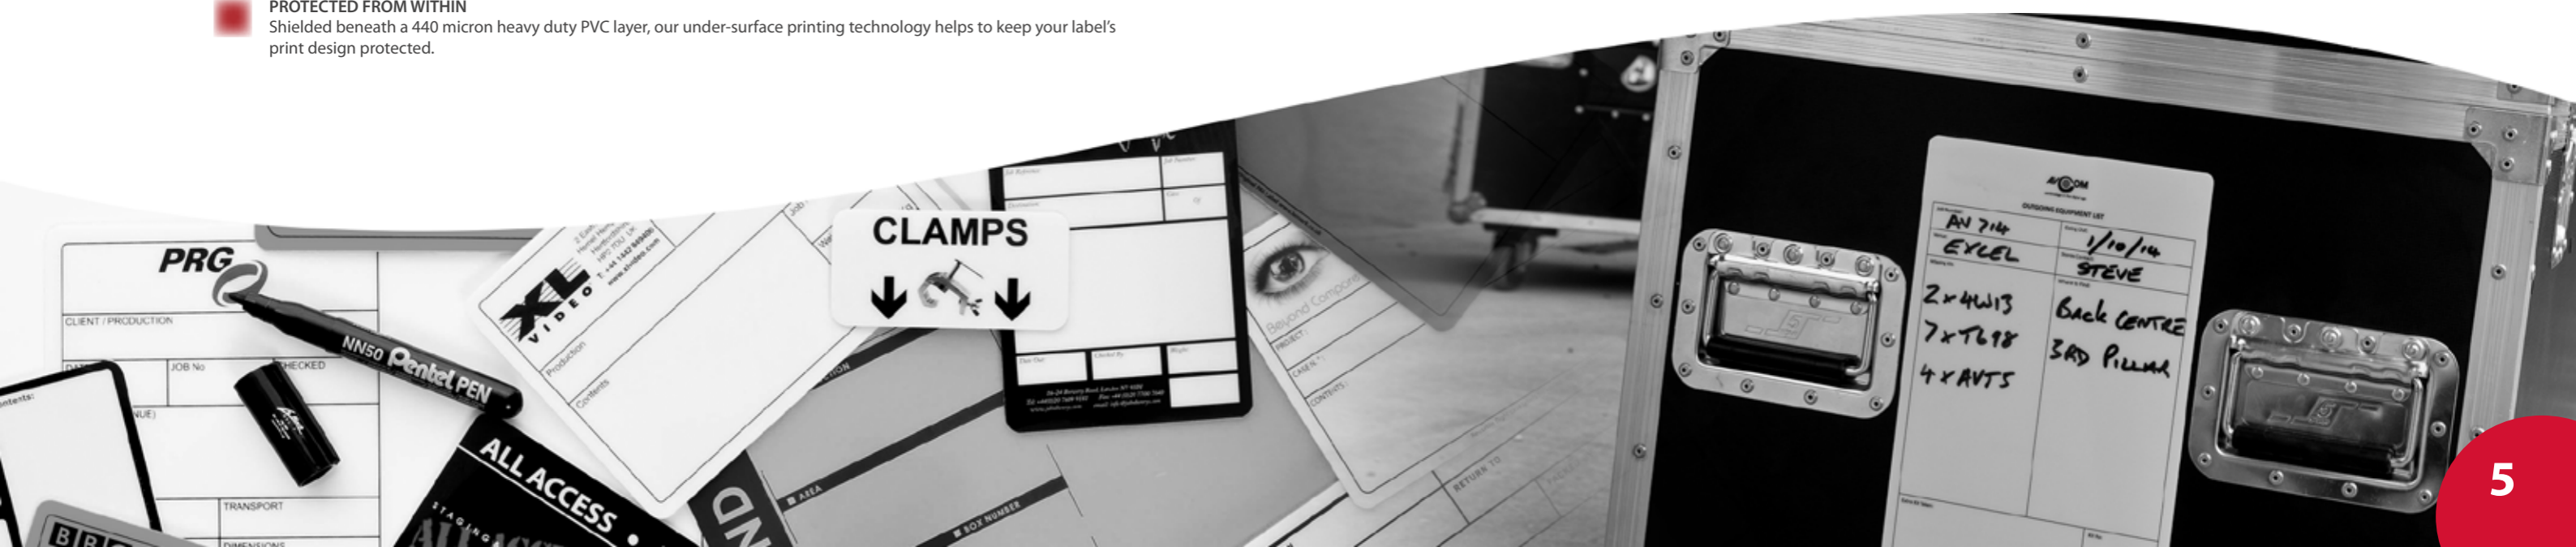

Adam Walker
White Light Ltd

"2010 I first used the PAL labels for labelling of flight cases and since then I have used them on every tour I've been involved with."

Steve Iredale
EPI Limited

"PAL labels from Le Mark have changed the way our gear looks onsite. A fabulous way to advertise our business!"

Kyle Johnson
Amp'd Entertainment

REMOVABLE TOUR LABELS

TOUR LABELS - Whether you're labeling sub-let equipment cases or creating a bespoke label for your own use, our single use Tour Labels makes sure the brand you see is yours. Our labels provide you with a cost effective way of maximising brand awareness and giving your business a professional profile.

WRITE & REPLACE

With the Tour Label's write-on surface, you can record important information including contents, weight, event details and much more. When you're done, simply remove the label and replace with a new one, ready for your next client.

PEEL CLEAN

Choose our peel clean adhesive for an easy, residue free removal of our tour labels (Always test on a small area first as some surfaces and environments can cause the adhesive to transfer). Permanent adhesive also available.

EQUIPMENT LABELS

EQUIPMENT LABELS - Mark your equipment with our custom printed Equipment Labels and Asset/Barcode tags made in a wide range of adhesive and materials, tailored for you and your business.

PAT Test Labels

Barcode Labels

Ultra-Destructible Labels

THE RIGHT ADHESIVE

Whether you're sticking to powder coating, steel, plastic or an almost endless list of other materials, our adhesive specialists are here to help you find the best option for your surface.

THE RIGHT MATERIAL

From standard vinyl and aluminium to chemical resistant and tamper evident, our print team will advise you on the best performing materials, giving you an informed choice for your printed labels.

PRINTED TAPE, MADE JUST HOW YOU LIKE IT

PRINTED TAPE - 25 years' experience producing custom printed tape that's tailored for you and your business. From standard vinyl & polypropylene to specialist foils and security tapes.

BE SEEN
With 1, 2, 3, 4 and full colour printing, our printed tape can help your business be seen in a very crowded world.

FAST TURN AROUND TIMES
On average, our customers receive their printed tape within 10 working days from artwork approval. If you need it even sooner, please talk to our team.

CUSTOM PRINTED CABLE LABELS

CABLE LABELS - The world renowned, self-adhesive cable label. A wrap around identification label for your cables. Fully bespoke, long lasting and ultra-durable.

- QUICK & EASY TO APPLY**
With no need to remove the cable connector and no need for a heat gun, applying a cable label couldn't get much faster or simpler. If you've got a few thousand or a few hundred cables, the time saved really could add up.
- STRONG ADHESIVE**
With our wide range of adhesives, we can advise you on choosing the right one to help keep your labels secured
- PROTECTED FROM WITHIN**
Our durable printing technology and wrap around tail helps to keep your cable label's design protected.

Star Ratings
The star ratings shown are intended only as a general comparison across the Le Mark range of gaffer/ duct /cloth tapes.

*Residue Resistant Adhesive
A perfect balance of adhesive strength and peel clean removability. Removing this tape leaves minimal, if any, residue on a huge variety of surfaces. Please note some surfaces and environments, especially those with high levels of plasticiser, may cause the adhesive to transfer.

Pro Tapes, was originally founded in 1977 to service the motion picture and theatrical industries in New York City. The Company has grown to be North America's largest supplier of premium pressure sensitive tapes to the entire spectrum of Arts & Entertainment (A&E) industry.

Le Mark Group became a Master Distributor in the UK for the Pro Tapes range in 2004, of high quality self-adhesive tapes.

PRO TAPES PRO GAFF

One of the most durable gaffer tapes in our range. Pro Tapes Pro Gaff is one of the USA's best-selling matt gaffer tapes.

Adhesive strength: ★★★★★★
Tensile strength: ★★★★★★
Colours: ●●●●●●●●●●

PRINTED TESTED GAFFER

Pre printed gaffer tape with the word "TESTED". Produced on one of the most durable gaffer tapes in our range.

PRO GAFF FLUORESCENT

Pro Gaff fluorescent gaffer tape offers an ultra-heavy duty construction combined with a high performance adhesive.

Adhesive strength: ★★★★★★
Tensile strength: ★★★★★★
Colours: ●●●●●●●●

PRO TAPES CABLE PATH

A premium vinyl coated cloth tape with adhesive on both edges. The centre portion has a smooth, adhesive-free surface for pulling cable through.

Colours: ●●●●

PRO CLEAR GAFFER

A versatile poly/scrim duct tape with a see through backing. Similar characteristics to standard duct tape but with a semi-transparent finish.

PRO TAPES PRO SHEEN

A premium metalized tape for arts and craft decoration. With a bright and shiny surface, Pro Sheen is available in 6 vibrant colours and also black.

Colours: ●●●●●●●●

PRO 46 PAPER CREPE TAPE

A premium grade, general purpose crepe paper tape. Flexible and easy to tear by hand, Pro46 paper crepe tape is ideal for arts and crafts decoration, bundling, colour coding and so much more.

Colours: ●●●●●●●●●●

Colour: Clear, 

SPECIALIST & ELECTRICIAN'S TAPES

Custom print available

IDENTI-TAK™ CABLE LENGTH I.D.

Easily identify the length of your cables with our simple to use cable ID tape. By using both colour and printed text, Identi-Tak™ can help minimise confusion and errors when picking and sorting cables.

Colours:

IDENTI-TAIL™

A self-adhesive vinyl-based tape, printed with alphanumeric text L1, L2, L3, and N.

Colours:

VALUE CREPE PAPER TAPE

Light weight and flexible, Crepe Paper Masking Tape can easily conform to most even and uneven surfaces. It comes in 6 colours and 4 roll sizes

Colours:

SNIPER TAPE

The professional's field tape for use on military, sporting and hunting equipment. Produced from a light-tack non-reflective terrain-absorbable fabric tape.

Colours:

PHOTOGRAPHIC MASKING TAPE

A paper photographic masking tape with an opaque black, matt finish surface to ensure the light free masking required for high quality photo reproduction.

Colours:

UNBLEACHED CLOTH TAPE

A professional grade, paint receptive, natural cloth tape. Ideal for use on-stage with sets and props where small areas need to be covered and painted.

Colours:

GAF-FIRE™

Flammability tested gaffer tape. Tested to BS 5867-2:2008 Type B Performance. A durable gaffer tape, yet still remains easy to tear by hand. (request our data sheet for full information).

Colours:

KRAKEN TAPE™

The ultimate, multi-purpose, emergency repair tape. Simply stretch & wrap for emergency repairs on most water pipes, cables, connectors, hoses, radiator pipes and more.

Colours:

LE MARK PVC

BS EN 60454 professional grade PVC Electrical Insulation Tape. Available in 11 colours. 33M, 20M & 10M rolls available.

Colours:

CHECKED/FAULTY TAPE

A simple and effective way to visually keep track of inspected or faulty equipment. Available in two designs, both with either "Checked" or "Faulty" printed in 3 languages (English, French and German).

MASKING TAPE

A mid-range masking tape for painters and decorators. Suitable for brush, roller and spray paint masking along with general purpose masking applications.

SCROLLER TAPE

An excellent value, clear scroller tape. Temperature resistant up to 130°C Class B (request our data sheet for full information).

SCROLLER TAK

A premium grade scroller tape from SCAPA. Made with a fully cured acrylic adhesive system. 130°C Service temperature – Thermal Class B (request our data sheet for full information).

ELEPHANT BLOB

Widely known in the arts & entertainment industry as the multi-purpose putty tape, its strong bond, flexibility and all round tacky texture makes it an essential work person's putty tape.

NEC APPROVED D/S

A low-tak, peelable adhesive (open side), adheres to a variety of clean dry surfaces and removes leaving minimal, if any, residue*. The closed side lays a stronger, permanent adhesive providing a good grip onto the underside most carpets and general floor coverings.

D/S HIGH TAK FOAM

A high tak and high shear double sided foam with excellent adhesion performance. Manufactured from high quality polyolefin with excellent dimensional tolerances.

MASSTAK™ TOFFEE TAPE

An aggressive pressure sensitive adhesive which remains permanently flexible and water resistant once applied to most clean, dry, non porous surfaces.

D/S ACRYLIC TISSUE TAPE

Ideal for arts and crafts, the glassine release liner helps to make trimming super simple. Made with a modified acrylic adhesive on both sides, it gives an aggressive stick to almost any clean, dry surface.

D/S HIGH TAK CLOTH TAPE

A flexible and conformable double sided cloth tape with a high-tak adhesive. Instant grab onto a variety of clean, dry surfaces. Ideal for most carpet installations.

D/S FINGERLIFT TAPE

Double sided finger lift tape. A general use, double sided tape with an easy to peel release liner.

D/S POLYPROPYLENE

A multi-purpose, high tak, double sided tape. Made from flexible polypropylene, this tape is ideal for most general use applications.

*Residue Resistant Adhesive

A perfect balance of adhesive strength and peel clean removability. Removing this tape leaves minimal, if any, residue on a huge variety of surfaces. Please note some surfaces and environments, especially those with high levels of plasticiser, may cause the adhesive to transfer.

PACKAGING TAPES

 Custom print available

PACKING TAPE (POLY)

An easy to use, low noise packing tape. Ideal for general carton sealing and packing for both commercial and domestic users.

GENERIC PRINTED PACKING TAPE

A range of generic printed tapes for general and commercial packaging. Produced with a multi-purpose adhesive and printed with highly visual red on white designs.

TAMPER TAPE & LABELS

Help increase security and give your packaging a visual deterrent with our range of Tamper Evident Security Tapes and Labels.

Colours:  

PACKING TAPE (VINYL)

A multi-purpose, premium vinyl packing tape. Good all round performance for both commercial and domestic general packaging.

PACKING TAPE (CROSS WEAVE)

A high strength cross weave fiberglass filament tape. The internal cross weave construction provides excellent tear resistance and shear strength.

PALLET WRAP

A durable pallet wrap. 17 micron water resistant material.

PALLET WRAP (BLACK)

Minimise the visibility of high-value items from prying eyes with Le Mark's security black pallet wrap.

TAPE GUN

Ideal for large volume box & carton sealing. Complete with an adjustable tape brake to help give the user control of unwind resistance, ideal for working with various packaging materials.

BUBBLE WRAP

Our Jumbo roll, small-cell bubble wrap is ideal for wrapping fragile items or using to fill empty space when packing.

ACCESSORIES

CARPET CRAWLER™

Make people aware of your cables and minimise trip hazards with the Dirty Rigger® Carpet Crawler™. Simply lay over loose cables and secure using the carpet grippers running along each edge.

Colours:  

REUSABLE CABLE TIES

Hook & loop cable ties give you a reusable strap to secure and bundle your cables.

Size: 200mm x 12.5mm
